EXECUTIVE SUMMARY

I am a passionate and detail-oriented full-stack developer with a strong foundation in building modern, responsive, and scalable web applications. With hands-on experience in technologies like Spring Boot, HTML, Tailwind CSS, and JavaScript, I enjoy creating user-friendly interfaces backed by robust backend systems. I focus on writing clean, maintainable code and continuously seek to enhance my skills by working on real-world projects. My goal is to contribute to impactful software solutions while growing as a developer in a collaborative and innovative environment.
